TO : Director of Training

DATE: 19 March 1971

FROM : Chief, Career Training Program

SUBJECT: Weekly Activities Report

1. Chief, CTP met with the Chief, Operational Services, the Chairman, Junior Officer Board, and the DDP Senior Training Officer on 18 March to discuss foreign language qualifications of Career Trainees. A copy of the Chief, CTP memorandum to the DTR on this subject was provided to the conferees with the comment that neither the DTR nor the DDTR had yet had the opportunity to study the CTP Staff position on the language proficiency question. Following the conference, Chief, CTP concluded that the language problem requires further discussion among those most affected by it before an agreed or committed course of action can be achieved.
